

PILOT

This style channels Mando pilots, such as Fenn Rau. This modern style incorporates specialized helmets, breathing devices, harnesses and more. The design offers a unique opportunity to customize armor for a more dynamic, mobility-focused aesthetic. The pilot style is perfect for those who embrace the thrill of the skies.

CHEST ARMOR

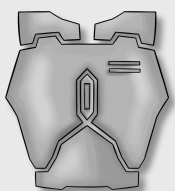

- Minimum: Collar plate, chest plates, ab plate. Chest diamond optional only if life support box fully covers the diamond space.
- Shoulder armor can be custom or Fett style. Double plates permitted.

HELMET LIST

HELMET

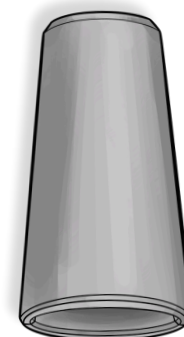

- Modern & PI style helmets permitted. Earcaps and T-shaped visor are required.
- Blast shield or pilot's brow required.
- A breathing apparatus or a max of 2 hoses that run from the helmet to life support box.

BACK COVERING

- Wrap around collar is required if the backplate does not extend over the shoulder blades.
- A smaller backplate that only covers (1/3) of the back is allowed, unless the life support box is worn on the back - in which case a standard backplate is required.
- Jetpacks are not approvable for pilots.

GAUNTLETS

- Armor or rigid covering on the forearms. Including, but not limited to: Gauntlets, hard bracers, or armored gloves.

LOWER BODY

- At minimum both knees are required. Cod/loin cloth is not required but approvable.
- Rebels-style Mandalorian pilot shin armor is allowed instead of knees.
- Thigh armor is prohibited.

SOFT PARTS

FLAK VEST & FLIGHT SUIT

- Vests may be traditional Fett style or custom style.
- Short-sleeved flight suits are not allowed.
- Pouch-style pockets on flightsuit with a flap closure on the front of the thighs required.

Fett Style Flak Vest

BELT & AMMO POUCHES

- At least one belt and ejection harness.
- Belt attaches to the ejection harness.
- Girth belts, and sashes can be worn, but are not required.

OTHER SOFT PARTS

- Full fingered gloves.
- Dusters, capes, and ponchos are prohibited.
- Kamas can be worn, but are not required.
