

FORGE MASTER

BRIGADES

MMCC Brigades represents a distinct set of professions, with specific costume requirements known as Brigade Requirement Lists (BRLs). Members wishing to join a brigade must meet both CRL and BRL requirements to apply for recognition.

CHOOSE YOUR PATH. HONOR YOUR SKILLS. GO ABOVE AND BEYOND.

Forge Masters preserve the ancient craft of Mandalorian weaponry. Revered for their skill in shaping beskar, they create armor and arms of unmatched quality. Their forge tools and protective gear mark them as artisans of war—keeping Mandalorian culture and combat alive, one blade or plate at a time.

Hammer and Tongs

FORGE MASTER TOOLS

No Forge Master is complete without the tools of their craft. A forging hammer and set of tongs are essential symbols of the skill and tradition they carry.

Forging Apron

WEAPONS

From classic Westars to custom-built creations, Forge Masters favor reliable sidearms that reflect both practicality and craftsmanship.

Westar

Westar-35

Minimum required armor includes collar, chest, abdomen, back, cod/armored loin cloth, shoulders, gauntlets, and knees. Era-specific requirements apply regardless of which BRL is selected.

ARMOR

FORGE MASTER FEATURES

- **Armor:** Forge Master gauntlets may not contain flamethrowers or explosive weapons. Hand plates are strongly discouraged. Finger armor is not permitted.
- **Weathering:** Weathering should be realistic and consistent with forge work. Heavy weathering is not required; however, soot, scorch marks, carbon staining, and similar signs of prolonged exposure to heat are required.
- **Colors:** There are no color requirements for Forge Masters.
