

MEDICAL CORPS

BRIGADES

MMCC Brigades represents a distinct set of professions, with specific costume requirements known as Brigade Requirement Lists (BRLs). Members wishing to join a brigade must meet both CRL and BRL requirements to apply for recognition.

CHOOSE YOUR PATH. HONOR YOUR SKILLS. GO ABOVE AND BEYOND.

Medical Corps warriors bring not death, but life — standing as protectors, healers, and defenders of their vode. Calm under fire, they move through the chaos of battle to rescue, mend, and safeguard the wounded. Every Mandalorian knows: to lose a brother or sister is to lose part of the clan. The Medical Corps ensures that family endures, preserving the strength and spirit of Mandalore even in the fiercest conflict.

MEDICAL BAGS

Medical bags allow medics to rapidly transport critical supplies to the wounded. They should be large enough to carry the equipment and materials needed to treat multiple injured vode in the field.

WEAPONS

Commonly 18 in. long and crafted of beskar, the beskad is a medic's method of field amputation, mercy killing and last defense.

Beskade

Minimum required armor includes collar, chest, abdomen, back, cod/armored loin cloth, shoulders, gauntlets, and knees. Era-specific requirements apply regardless of which BRL is selected.

ARMOR

MEDICAL CORPS SIGIL

The red sigil must be applied to the left shoulder plate upon approval to the brigade. The shoulder plate must be white and the sigil must be red.
