

HEAVY MELEE

BRIGADES

MMCC Brigades represents a distinct set of professions, with specific costume requirements known as Brigade Requirement Lists (BRLs). Members wishing to join a brigade must meet both CRL and BRL requirements to apply for recognition.

CHOOSE YOUR PATH. HONOR YOUR SKILLS. GO ABOVE AND BEYOND.

Heavy Melee warriors are walking juggernauts, wielding massive blades, polearms, or crushing weapons with overwhelming force. They excel at breaking enemy lines, shattering defenses, and overpowering even the strongest foes in brutal close-quarters combat. Their kits are designed to balance heavy offense with protection, allowing them to endure the thickest fighting. They do not dance around the fight. They bring it front and center.
