

AIRMOBILE BRIGADE

BRIGADES

MMCC Brigades represents a distinct set of professions, with specific costume requirements known as Brigade Requirement Lists (BRLs). Members wishing to join a brigade must meet both CRL and BRL requirements to apply for recognition.

CHOOSE YOUR PATH. HONOR YOUR SKILLS. GO ABOVE AND BEYOND.

The Airmobile Brigade combines the brains, brawn, and bravado of daring pilots and jetpack-equipped troopers into an unmatched skyborne assault force. They dominate the skies, provide rapid transport, deliver precision strikes, and insert strike teams deep behind enemy lines. Whether flying fast and low or dropping in from orbit, these vode control the battlefield from above.

Look to the Skies!

ABOVE AND BEYOND.

EQUIPMENT EXAMPLES

Flight Gloves

Grenades

Westar 35

Ejection Harness

APPROVED EXAMPLES

SPECIALTIES

PILOTS

Born thrill-seekers, Pilots live for high-speed dogfights, tight maneuvers through asteroid fields, and critical air support runs. When they scream overhead at the crucial moment, they are seen as true Angels from Above.

AERIAL ASSAULT

The only Mandalorians crazier than these are the ones trying to follow them. Aerial Assault warriors willingly leap from orbit or high-speed craft into the heart of battle, a top-line jetpack, nerves of beskar, and unshakable skill propelling them into the fray.

CLOSE AIR SUPPORT

The flying tanks of the Vanguard. Inspired by warriors like Paz Vizsla, Close Air Support Mandalorians fly heavy, in both gear and weaponry, bringing down overwhelming firepower to crush enemy defenses.
