

HEAVY WEAPONS

BRIGADES

MMCC Brigades represents a distinct set of professions, with specific costume requirements known as Brigade Requirement Lists (BRLs). Members wishing to join a brigade must meet both CRL and BRL requirements to apply for recognition.

CHOOSE YOUR PATH. HONOR YOUR SKILLS. GO ABOVE AND BEYOND.

Known simply as "the Heavy," each of these warriors embodies firepower. Flamethrowers, cryoban projectors, rocket launchers, miniguns – whatever delivers maximum destruction, they wield it with devastating effect.

Z6 Rotary Cannon

Custom Heavy Repeater

DL19-X Custom

HEAVY WEAPONS

Heavy Weapons experts carry the big guns. Their oversized two-handed weapons are built to destroy not just the target, but the three targets behind it. These specialists favor rocket and missile launchers, heavy repeating blasters, portable blaster cannons, and cryoban rifles.

Custom Smart Rocket

WEAPONS

A one-handed blaster is always on hand for the close-quarters moments or when a smaller blast radius is needed.

Custom Blaster

Custom Blaster

Minimum required armor includes collar, chest, abdomen, back, cod, shoulders, gauntlets, and knees. Era-specific requirements apply regardless of which BRL is selected.

ARMOR

HEAVY WEAPONS FEATURES

- Weathering: Must be heavily weathered. Armor must feature blast marks, carbon scoring, impact points, scorch marks, and similar combat damage. Soft goods must show substantial grime, mud, and realistic physical wear and tear.
- Weapons: A large, two-handed weapon is required as the kit's prized item. At least two visible reloads for the weapon must be carried on the kit.
